

BONDS ARE DE-CLARED FORFEITED

Denny Hurlhee Thought To Be Connected With Noted Gang Fails To Show Up In Court Wednesday.

Denny Hurlhee who ran into the arms of the law following a collision with Fred Steumer's jitney near El Verano two weeks ago and who was to have appeared in court here Wednesday to answer to the charge of reckless driving failed to show up when his case was called and as a result his bail was declared forfeited. Two bondsmen, one of whom is Jack Walton of this place went good for \$500 to guarantee the appearance of Hurlhee. They have just 20 days in which to produce him and have their money refunded. To expedite matters the felony charge of driving a machine while intoxicated was resurrected and a warrant issued for the fugitive.

Hurlhee is said to be intimate with the notorious gambling club bandits one of whose members, Max Harris, put his car at Hurlhee's disposal. The gang including Harris were arrested in S. F. last Saturday in a thrilling roof battle following the hold-up of the Powell Social club in which a man was killed. Robbery and assault to commit murder are the charges against Max Harris and six others.

It was the automobile owned by Harris and driven by Hurlhee that collided with Steumer and following the accident the latter levied an attachment against it to cover the amount of damages. The ownership of the car and the refusal of Harris to appear against Hurlhee led to the discovery that the two were pals.

Hurlhee evidently had gamblers' luck with him while here for he succeeded in having two charges against him dropped and for reckless driving, the third charge, after agreeing to plead guilty, he suddenly changed his mind and demanded a jury trial. Pending the trial he was released on bonds furnished by Messrs. Walton and Cook who when they discovered his connection with the San Francisco hold up men began to suspect that Hurlhee would not want to be interrogated or come within the jurisdiction of the court again if he could help it. That their suspicions were well founded was confirmed in the Justice Court Wednesday.

Officers are now hot on Hurlhee's trail.

COL. WEINSTOCK SPOKE HERE

Colonel Weinstock, State Market director, addressed the Poultry Producers meeting here Thursday night.

SEBASTIANI IS OPTIMISTIC

Trip to New York Gives Him Confidence In Outcome of Wine Proposition.

Sam Sebastiani who returned Tuesday from a twelve days trip to New York and was met at Sacramento by his wife and brother-in-law Harry Quartaroli in the Sebastiani car arrived home feeling quite optimistic in regard to the wine situation. He found out that the 20 carloads of wine which he had shipped to New York and which were on the road when prohibition went into effect had been delivered to his customers. Bronocelli & Co. of N. Y. who in turn were delivering it to their customers. If California wine makers are not permitted to make wine here they can ship their grapes in refrigerator cars declares Mr. Sebastiani and New York's foreign population will do the rest. The hundreds of Italian families there will all make their 200 gallons of wine and grapes will be in big demand.

Sebastiani visited Philadelphia and Washington also and says no one there expects that legislation can ever kill the wine industry. Sonoma's big producer expects to buy his usual amount of grapes and fill his 400,000 gallon containers this season. He feels confident of the outcome.

The tomato business looks good also declares Mr. Sebastiani and he will take all the Sonoma valley crop now ripening and buy many more. The big cannery starts on the string bean pack this week.

DINNER PARTY FOR SON AND DAUGHTER

The Chance home at El Verano was the scene of a jolly dinner party last Sunday in honor of Roy Chance of the 4th Division, 10th machine gun battalion lately home from France and Mr. and Mrs. Herbert Daniels (nee Gladys Chance.) Mrs. Daniels was formerly an attendant at El Verano and was married in Napa three weeks ago to a young book-keeper at the Mare Island Navy Yard.

The family reunion was greatly enjoyed, the dinner in particular, as a 22 pound turkey graced the board, the noble bird having been fattened for the soldier-boy's return. Many excellent courses were served at the fine dinner and all had a joyous time. Among those present were Mr. and Mrs. Wm. Chance of San Francisco, Mr. and Mrs. Henry Norrbom, Mr. and Mrs. Walter Gaige of Richmond, Mr. and Mrs. A. Chance, Miss Bernice Chance, Roy Chance and Louis Sapp of Napa.

SCHOOLS REOPEN ON TUESDAY

High and Grammar Grades To Start New Term With Increased Facilities And Big Attendance.

The schools of Sonoma, both High and Grammar will reopen Tuesday for the Fall term and with increased facilities and attractive courses of study promise to make a record this coming year for excellent work.

The following announcement is made by the High school trustees: The Sonoma Valley High School will open on Tuesday, September 2, Monday having been declared a holiday to enable faculty and students to see the fleet steam into the Golden Gate.

The school will open with the following faculty:

L. H. Golton, Principal—chemistry, general science, vocational mathematics and vocational guidance; L. L. Stenquist—agriculture, farm mechanics, manual training, mechanical drawing and physical education; Miss Shirley Ward—biology, modern history, United States history and first year English; Miss Emilie Poppe—second and third year English, Latin and choral singing; Miss Theresa Kutenbach—mathematics and physical education; Miss Agnes Arnot—commercial branches and Spanish; Miss Edna Jensen will teach a class in elementary sewing, a class in sewing and cooking for students who have taken the elementary work, a class in sewing and millinery for the women of the community, freeland drawing and physical education.

The school has purchased a new gas generating machine as its present plant was too small. The plant will furnish heat for cooking, chemistry, and hot showers for physical education.

The typing room has been enlarged by the moving of a partition and more typewriters have been purchased.

This year the old manual training building will be fitted up for showers for the physical education. The newly acquired athletic field will be put in shape for successful athletics.

The new manual training and machine shop building, the contract for which was let to A. W. Adler will be completed by December 1st.

The problem of transportation for those students who have not a means to come to school other than by auto service will be taken up immediately after school opens and any student who desires to enter high school and to whom transportation is the obstacle should consult the principal of the school immediately. The aim of the school is to develop a complete and efficient commercial course, a course to prepare for normal school, nursing school, and the important branches of the university of California, an agriculture course of an immediately practical type and a course in general machine shop. A complete program of this type can be offered with but one additional teacher and the school believes that it can in another year arrange such a program without costing the valley an additional cent for instruction. The increased attendance that will naturally result will so increase the revenue from the county and state as to actually increase the revenue to the school without affecting the district tax.

All students are urged to enter immediately after the opening of school and where any student finds it impossible to do so, he or she should consult the principal of the school and thus make it possible to provide in advance for late entrants. The Grammar school is to enjoy a holiday Monday also but Tuesday bright and early it will be the mecca of about 200 young patriots all keen to get back into school. The modern building is now being entirely utilized, for with the hiring of Miss Nettie McConchoe as a sixth teacher, the extra room which provided for the foreseen growth of the school was fitted up and is ready to receive its quota of pupils.

The Grammar school has been doing good work in the useful arts and best term manual training and sewing were a regular part of the school curriculum. Mr. Prestwood, the energetic principal, inaugurated and teaches manual training while Miss Edna Cooper supervises and teaches sewing. This year special provision has been made for sewing in a room fitted up for the purpose in the spacious basement.

Another vacation improvement which has been made in the past few weeks is the new floor in the grammar school auditorium which now has concrete beneath it which cannot decay as did the previous supports.

The Grammar school teaching force consists of Principal J. F. Prestwood, Misses Cook, Cooper, Murphy, Burchard and McConchoe.

A Solemn Requiem Mass, Month's Mind, will be offered Wednesday, Sept. 3, at 10 a. m. at St. Francis church, Sonoma, for the repose of the soul of the Rev. Thomas P. Moran. Friends and acquaintances are respectfully invited to attend.

WINE SITUATION IN SONOMA

Leading Grape Growers of Valley Will Sell, Ship, Dry and Crush Product of Vineyards.

The consensus of opinion among leading growers in regard to the disposition of their grape crop is that they will sell to regular customers grapes for shipment and grapes to individuals for the making of the 200 gallons of wine required by a family. Some like the Gundlach-Bundschu company which have the facilities to dry a portion of their crop will dry whatever they can and will crush the remaining tonnage. The latter firm is considering only the disposition of the product of its own vineyards and not the immense tonnage which they formerly purchased from the farmers. Farmers who have no facilities to handle their grapes and no market are the ones hardest hit by the unjust prohibition legislation. Some in the Sacramento valley and Yolo county have been begging former big Sonoma Valley customers to take their grapes at any price. The answer of our wine makers is of necessity conditional upon the lifting of the war time prohibition ban.

H. F. Stroll of the State Dept. of Agriculture has advised the growers that there are three ways of disposing of their crops. 1. A permit from the government for the crushing of grapes for sacramental purposes. 2. Grape juice, and 3. Shipment in refrigerator cars. The following encouraging letter has been received by a leading Sonoma wine man from Attorney Theodore Bell:

August 19, 1919.
Dear Sir:
The time for crushing grapes will soon be here. Naturally you are very desirous of learning whether or not there will be any government interference with wine-making this fall. In the case of Light vs. Adams and Wardell, we are seeking an injunction from the federal court, at San Francisco, to restrain the U. S. Attorney and the Collector of Internal Revenue from attempting to enforce "war-time" prohibition against manufacturers of wine in California. This case was submitted to Judge Van Fleet last Monday for decision. We expect a ruling from him within the next ten days. I am very confident that the injunction will be granted. We have produced overwhelming proof that wine-grapes are not a food product, and therefore are not covered by the food bill rider prohibiting the use of any "fruit or other food products" in the manufacture of wine. If Judge Van Fleet grants the injunction this will permit wine-making to be carried on as usual. Should the injunction be refused, I will advise you further as to just what you should do. In any event, my advice to you is, to go right ahead as usual for I am very certain that the law does not apply to wine-making, and I am equally certain that it is unconstitutional and void. Do not let anyone discourage you from going ahead with your business the same as in previous years.

I am also of the opinion that national prohibition, under the Shepard Amendment, will not take effect on January 16, 1920, and that our wine-makers will have ample time to sell and deliver this year's vintage.

COURT ISSUES EXECUTION
Camm & Hedges have levied an execution through the Petaluma courts on the prune crop and trays of Chas. Deane in the amount of \$263 for a bill owed them. The property was advertised to be sold to-day.

LONDON BENEFIT A BIG SUCCESS

Glen Ellen Women Do Themselves Proud With Carnival Thursday Night.

One of the most brilliant and highly successful affairs ever given in Glen Ellen was the Carnival Thursday night for the benefit of the Jack London library fund.

The attractive gardens and grounds of the Geo. O'Donnell home were brilliantly illuminated and booths erected on the lawn and adjacent to the veranda which was utilized for the stage on which a splendid lot of program numbers was the offering. Charming matrons and a bevy of pretty girls presided over the booths and sold wares for the good cause.

Boyes Springs was represented by the famous Geo. Cause and his brigade of 100 per cent boosters and the wheel of fortune was a popular feature. The Sonoma Valley Women's Club had the Country Store and helped swell the proceeds. The State Home had a booth and also provided a large portion of the program under the able direction of Mrs. H. Schieck.

Spellers and Gypsy fortune tellers added zest and mystery to the occasion and a troop of strolling minstrels, the real negro minstrels, gave a show which was greatly enjoyed.

Among those prominent in the carnival were Punch: Mesdames, Cowen, Rochambeau and Erickson; Games: Messrs. Prout and J. H. Weiss; Gate: Mesdames Thierkoff and Merritt; Refreshment: Mrs. Julius Panamieri; Hot Dogs: Mesdames Murphy and Hutton; Grab bag: Glen Ellen school; Ice Cream: Mrs. A. B. Williams; Dancing: Mrs. O'Donnell and Poppe; Parking: Messrs. Ranker and Cowen; Tea and Fancy Work: State Home; Country Store: Mesdames Burlingame, Stofen, Parramore, Wicker, Emparan and Dodge.

Receipts for the evening are thought to be about \$600 which with the \$1100 already on hand and the building site donated by Mrs. Geo. O'Donnell will go a long way toward the realization of the Glen Ellen Club's plan for the library in memory of the beloved author who made Sonoma Valley famous.

MANY TRUSTEES DO NOT FAVOR ATTENDANCE OFFICER

The effort of Superintendent Ben F. Ballard to get a compulsory attendance officer appointed is meeting with considerable opposition. The new state law requires all children up to sixteen years to attend school and the county superintendent can appoint an officer to see that the requirement is met provided the majority of school boards request him to make such an appointment.

In a number of districts in Sonoma valley trustees do not hesitate to say that it will work a great hardship on some families where sons are helping widowed mothers or infirm parents on the farm on otherwise.

The law providing a night school for certain classes not proficient in the reading and writing of English is looked upon with greater favor.

The Sonoma Grammar school trustees endorsed the attendance officers appointment. It will lead to greater attendance and therefore more revenue besides widening the field of education.

The El Verano school opened Monday with Hamil Wagon as principal and the two teachers, Miss Lonergan and Mrs. Butler of Dixon.

HERO OF WAR IN DIVORCE COURT

Sergeant Tom Richards Who Faced Shot and Shell Wants Recent Marriage Annulled.

Sergeant Thos. Joseph Richards, hero of the war in France where with his ammunition train he was at the front during some big battles of history evidently got out the frying pan into the fire when a few weeks after his return from overseas he took for his bride Blessing Ross, a fair divorcee whom he now alleges was a blessing in disguise since she was really Blessing Ross Mathin, not a full fledged divorcee with a decree but had just an interlocutory upon which the ink was hardly dry. Tom avers that Blessing secured her papers in April 1919 and on the 29th of the same month promised to love honor and obey him. He obeyed her for several weeks and then it is alleged that her love cooled with the discovery that Thomas Joseph was not the sole owner and proprietor of the famous 'Agua-Caliente Springs. She claimed to have been deceived and filed a suit for divorce entering a sensational and heart rending complaint.

The groom was lying ill in a San Francisco hospital at the time and the proceedings came near going by default when the mother of the young man heard of it and a demurrer was hastily filed. The uneligibility of the Blessing conferred upon the manager of "The Lark" to become the wife of anyone without her final decree was set forth and Richards asked that the marriage be annulled.

He is represented by Attorney Cockill of Santa Rosa. The lady in the case has retained Attorney Wm. F. Cowen.

WERE MARRIED ON SATURDAY

Miss Helen Kerner Became Bride of Geo. Wolf at Pretty Ceremony.

On Saturday evening last at 6:30 Miss Helen Kerner became the bride of Geo. Wolf at a simple but impressive ceremony performed by Rev. Myers at the German Lutheran church in San Francisco. The bride was attended by her cousin, Miss Ila Speigle as bridesmaid. There were no other attendants. Wearing a becoming taupe color tailor suit and small hat the fair Native Daughter was indeed a lovely bride as she came from the church with the young man of her choice and with the bridal party motored to the St. German for the wedding dinner. A fine banquet was partaken of in one of the private dining rooms of the well known French restaurant.

Mr. and Mrs. Al Kerner parents of the bride, Mr. and Mrs. Schaffer had a few other relatives and old friends were present and heartily congratulated the young couple.

The bride is one of Sonoma's favorite daughters and a young lady of many amiable traits of character. The groom is a young man highly esteemed by all who know him.

They have taken a furnished apartment in San Francisco and will go to housekeeping there.

HOT? I SHOULD SAY IT'S HOT

Do you know that for \$1.50 cash and \$1.00 a week for five weeks, you can get a HOT POINT ELECTRIC IRON and save all this standing over a hot stove to iron your clothes? Try one for a week to be satisfied.

Index-Tribune Has Another Birthday

WITH THIS ISSUE the Sonoma Index-Tribune enters upon a new volume. We wish to thank our friends and patrons for their assistance and words of appreciation, the past year.

Courtesies shown the news gatherer enables us to get out a newsy weekly and we want to assure our readers that it will be our continued aim to give Sonoma Valley a paper which will reflect credit on the community and bring out the best points of the town and the valley.

We will appreciate items from every quarter and would ask our friends to send in news. Ring us up or mail your communications, the only requirement being your signature. "More news to the inch" is our slogan.

We believe in the upholding and encouragement of our industries and will continue to foster these and as in the case of our wine industry will battle for them if necessary.

In recording the progress of the past year it is a great satisfaction to note that Sonoma Valley is forging ahead and that Sonoma products are being recognized in the markets. The value of co-operation and organization is becoming evident here and as a result we are richer in spirit and in pocket than formerly. Long and earnestly has the Index-Tribune advocated this spirit in the community and we hope to see more of it the coming year. May it extend to the town and marshal civic pride with all that would mean here.

The betterment and growth of schools is always a matter of pride and satisfaction to a home newspaper, and Sonoma is doing splendid work along this line of advancement. The higher type of education which makes for better and more efficient citizenship is being assiduously sought after and adopted here with the certain result that Sonoma Valley will realize many of its hopes and aspirations more directly and quickly than otherwise. The Index-Tribune will continue to lend a helping hand in the march of progress and join forces with all laudable undertakings in the future as in the past.

Why California Cries Out Against Wanton Destruction of Vineyards

THAT SONOMA VALLEY should resent the injustice and folly of prohibition is not to be wondered at when we recall that as far back as 1858 8,000 vines were planted and it was demonstrated that rocky hill sides entirely unirrigated would grow grapes where nothing else could be grown.

Later when the Legislature in 1861 sent a Commissioner to Europe to import celebrated wine varieties it became apparent that California could excel in the production of wines because of our wonderful climatic conditions. The peculiar advantage we enjoy in that respect which makes the confiscation for our wine industry all the more a crying shame is set forth in an article which appeared in the Overland monthly in Jan. 1872, long before the dry idea ever showed its sour visage in polite society. The article is from the pen of that authority on vintage, Arpad Harazthy:

"California has one advantage over any wine-producing country on the globe, and that is the certainty, constancy, and duration of her dry season. The grape is a fruit that needs, above all others, a warm sunshine, without interruption, from the time that the blossoms set forth their tender flowers, until they gradually develop into its rich, luscious fruit in October. This advantage has always existed here, as far back as our record extends, and no rain or hail ever destroyed the tender fruit. The sure and uninterrupted duration of this dry weather secures a crop without a chance of failure, and ripens the grape to perfection. One of the most serious drawbacks in all other parts of the world is the uncertainty of the seasons and entire variance from preceding ones, thus creating a great difference in the quality so great that it is quite common to find the prices vary from one to two hundred per cent in the same district. The products of the renowned vineyards are known to have fluctuated even to a greater extent. In Europe, they only reckon to secure in ten years one good crop of fine quality, but small quantity; while seven vintages are reckoned as being of poor quality, small quantity, and total failures. In our State the variation in quality seldom amounts to five per cent, while the most disastrous years have not lessened the crop below the ordinary yield more than twenty-five per cent in quantity. This very variation in quantity can be fully known three months previous to the vintage, thus allowing the producer ample time to see are his casks, and furnishing him positive knowledge as to the number required. In other countries, even fourteen days before the vintage, there is no certainty of a crop; a wind, a rain, or a hail-storm is apt to occur at any moment and devastate the entire vintage. All is uncertainty there; nor has the vintner any possible means of positively ascertaining how many casks he must provide. In abundant years in the old countries the exchange has often been made of so many gallons of wine of an equal number of gallons' capacity of casks. The disadvantages of being forced to secure such immense quantities of casks in so limited a period are too easily perceived, and we certainly can not appreciate our advantage too much in being very differently situated. Another great benefit derived from the long continuance of the dry weather is the exemption from weeds in our vineyards after the final plowing. Thus all the nourishment and strength of the soil go wholly to their destination, the vine, and hence the vigorous appearance that even the most delicate imported varieties acquire even in our poorest soils. The necessarily bear much more. This circumstance will also explain, in a measure, why our cultivation does not cost as much per acre as that in European countries, though our labor is so much higher. The advantage of our dry weather does not end here; it precludes the possibility of continued mildew, and allows the vintner to leave his vines unstaked, the bunches of grapes actually lying, and securely ripening, upon the very ground, without fear of frost or rotting. In this condition, the grapes mature sooner, are sweeter, and it is believed, possess more flavor."

From financial reports and deficits looming everywhere it is apparent

that Congress killed the goose that laid a golden egg when it banished wet for dry and in its factions effort to out do all the world in betterment refused to recognize God given advantage such as in the matter of our superior vintages. This is a fool's wisdom but no more idiotic than the attempt to annihilate drinking by means of legislative enactment. If we had temperance instead of fanaticism all these things would have been weighed instead of being stirred up with the dross and lost in the vicious vortex which would engulf great industries along with the offending grog shop.

The News Gatherer

THE STORIES that do not find their way into print in the small town would make the best ones, according to the metropolitan newspaper standard. The editor generally knows what is going on but there are reasons galore why some things cannot be published. Sometimes it is because no legal action has been taken, and pending the filing of charges, some grafters and bad actors get off all too easy for the miserable tricks they are pulling off, while riding around in state with the air of bravado, or tinge of halo about them. Sometimes others escape publicity because of investigations pending or in hopes circumstances will develop to disprove their complicity. Now and then a scandal looms which would not look well in print and as no breach of promise proceedings crop up in connection with charges bandied about, the editor is quite satisfied to let the news trickle out in whispers rather than in black and white. It's not the type of news we care to confirm. Editors as a rule see the best side of human nature despite the opportunity they have of glimpsing the frailties of folks. Even when charges are made, the pen wielder holds opinion in abeyance until they are proven. Even then if there are mitigating circumstances, newspaper people are the first to recognize them.

All editors do not find their way to church but there is a genuine Christianity about the majority of them. They believe in giving their erring brothers and sisters a chance and while they back up legitimate prosecution, they condemn persecution and believe in the evolutionary process of gradual regeneration instead of expecting miracles in transformation which are too often little more than the white-wash of hypocrisy.

ANNOUNCING FIRST SHOWING OF Winter Apparel and Millinery

Mr. W. Bamberg has just returned from New York where he selected the newest styles in Womens and Misses Suits, Coats, Dresses, Waists, Skirts and Millinery.

Suits, Coats, Dresses, Waists,
Skirts and Millinery

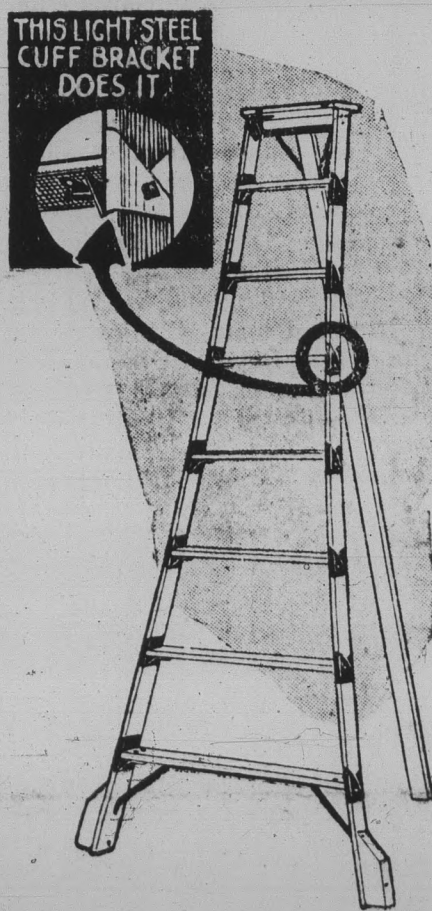

THESE GOODS ARE NOW ARRIVING AND ARE READY
FOR YOUR INSPECTION

We advise early selection this season as we have been advised that duplicate orders will be at higher prices. You will find our showing to be VERY EXTENSIVE IN VARIETY, the quality, only of the best, and the prices most modest.

Workin' Fools

These Security Ladders make working fools of my pickers, says one California fruit grower who junked his old "cave-man" ladders and equipped with

SECURITY KANT-WOBBLE LADDER

And the Security increases the day's work accomplished by each picker, the pickers themselves like to work with the Security because they feel secure while working and are not tired by scores of unnecessary trips up and down to change position of ladders.

Security Ladders are made with patented steel cuff-bracket, machine wrapped around stile at each step end making SECURITY actually strongest where other ladders are weakest. Better made in every part, all wood vertical grain, plenty of spread, steps

easily replaceable, light, STRONG and Positively cannot wobble.

The most progressive growers in the district around Sonoma are getting rid of their old, time-killing ladders and buying the SECURITY.

Get in line yourself, pick more profits from your trees, the Security Ladder and reduced picking costs are waiting for you. Come in TO-DAY

PUT MEDICAL SERVICE AT DISPOSAL OF PEOPLE

Dr. F. O. Butler of the State Home at Eldridge heads the new service of the Psychopathic clinics to put at the disposal of the people of the county by the State through the State Hospitals. The public is invited to bring for examination all thought to be afflicted with mental or nervous disorders. School children who are nervous, backward, defective or incorrigible and they will be examined free of charge by competent physicians who have a thorough knowledge of mental diseases, feeble mindedness, epilepsy and kindred troubles. Expert advice will be given in each case.

ENDORSES TAX-PAYERS ASSOCIATION OF SONOMA COUNTY

Will H. Fischer, executive officer of the State Tax-Payers Association has written a fine letter, commending the Sonoma County Tax-Payers Association to the people of Sonoma county and urges them to get behind the efficient and energetic organization. The letter to the local association's president follows:

Mr. F. P. Doyle, President Tax-Payers Assn. of Sonoma County.

Dear Mr. Doyle:

"Returning from a vacation trip I find that the Board of Supervisors of Sonoma county has accepted the recommendation of the Tax-payers Association of Sonoma county and appointed Mr. Aldrich as County Engineer. Thus, from what I know of Mr. Aldrich's work, a wise and efficient expenditure of the bond money is certainly to be anticipated. The Supervisors are entitled to congratulations on having made the appointment, under the Ream act.

"But I also think that the Association of which you are president, is entitled to the gratitude of every citizen of Sonoma county. You and Mr. Peters and other members have striven hard to bring about the present satisfactory development. Of the good work that has been done I cannot say too much in praise.

"I am wondering, however, if the tax payers of Sonoma county understand fully all that has been accomplished by your Association, and if they loyally support it in a financial way. If they do not give it proper support they are, in my opinion, making a serious mistake. No county association in the State is better off, or works more intelligently and unselfishly for the common good. Every man who pays a tax bill in Sonoma county ought to make an annual dues-payment to your association.

"Without your Association the Ream bill would never have been enacted. I consider the passage of that law one of the longest forward steps made in county legislation in many years.

"Your Association managed the road bond campaign in a most intelligent manner, cutting down the period of bond retirement and thus making a large interest saving. Also, by investment in convertible U. S. securities, you have made another large saving to the tax payers.

"The investigations you have made into county affairs have been systematic, fair, impartial and valuable. You have worked with the county officials and got results. That is the test. Your Association has their confidence, and can get their co-operation. That is the one way in which to get things done efficiently.

"Wishing the Association and all connected with the work continued success, and trusting that the people of Sonoma county will rally to its permanent support, I am,

"Very truly yours,

(Signed) "Will H. Fischer,

"Executive Officer."

TO URGE HIGHWAY CONSTRUCTION

County Clerk Felt Has Assurance of Many Counties To Speed Up State Work Here.

With the view of bringing about speedy construction of the highways of Sonoma, Marin, Napa, Mendocino and Lake counties, Mayor Rolph of San Francisco, acting upon a suggestion of the Sonoma county supervisors, has appointed a committee from the San Francisco county supervisorial body to further the construction of the highways in these counties.

The following supervisors were appointed by Rolph: Richard J. Welch, chairman, Oscar Hoeks; Fred J. Sahr; John C. Hortick and J. L. Lehane.

The counties mentioned are mutually interested in the development of these roads as they all merge into each other, and as they will connect San Francisco with some of the largest food-producing centers in the State, their immediate construction is of vital importance to that city.

Word of the appointment of this committee has been received by Co. Clerk Felt, who has been in communication with Rolph and the boards of supervisors of the other counties with the intention of furthering the construction of these highways.

It is reported that the chairman of the board of supervisors of Sacramento county has also been empowered to name a committee, and that in the immediate future all these committees will hold a conference, when ways and means of getting the construction of the highways under way will be devised.

County Clerk W. W. Felt stated Wednesday that the counties of Sonoma, Mendocino, Marin and Napa had already named committees, together with Sonoma county, for furthering the early construction of the State's permanent highways in the north of bay counties. Sacramento county sent word that Sacramento county soon will have its committee ready for announcement when the board of supervisors next meet, the chairman of the board having already been empowered to name such a committee.

All the counties heard from have expressed their desire to cooperate heartily with the movement inaugurated in Sonoma county, to urge the State Highway Commission to put forth every effort to start road construction in the north of bay counties particularly the Santa Rosa-Schellville road which will connect up some of the most important of the State roads and from Healdsburg north to Mendocino county and on through that county. Lake county supervisors will also name a committee.

WILL ESTABLISH BIG HATCHERY

John B. Lounibos of Petaluma who some time ago discontinued his liquor store on Main street, has decided to engage in the hatchery business and has already built a splendid new hatchery on his property on Upham and Baker streets. Mr. Lounibos is a very progressive citizen and is sure to succeed in his new venture. The new establishment will be known as the "I. X. L." Hatchery, and will have a large capacity. His many friends will wish him the best of success in his new enterprise. —Petaluma Argus.

PREPARE FOR NAVAL AND MILITARY ACADEMY EXAMINATION

The following letter has been received from Congressman C. F. Lea: "I will be called upon in the early part of 1920 to nominate two candidates from our district to the U. S. Naval Academy. A competitive examination will be held on January 10, 1920 (at places hereafter to be announced) in which all young men, residents of the 1st Congressional District, who are not less than 16 nor more than 20 years of age on April 1, 1920, will be eligible to compete on equal terms. Candidates receiving the highest ratings in this competitive examination will be nominated to take the regular mental examination either in February or April, 1920.

In June 1920 I will nominate candidates for the Military Academy for admission in June 1921, which appointments will likewise be made through competitive examination to be held January 10, 1921 (at places hereafter to be announced). Candidates for the Military Academy must be not less than 17 nor more than 22 years of age.

This early announcement is made to enable all young men interested to begin preparing. Those desiring to compete should write me as to which examination they desire to take whereupon they will be furnished further information.

BOXING MATCHES TO BE BIG EVENT

Charles G. Henry representing the Oakland Fleet Reception Committee was in town yesterday in the interests of the Oakland Fleet Celebration. Henry announces that the Oakland people have captured the one big event in connection with the visit of the fleet. They have matched up the boxing champions of the fleet with the Champs of Mare Island and Goat Island to box at the Idora Park stadium on September 3rd.

TO-DAY IS EGG DAY

To-day our sister city Petaluma is holding its great fiesta, the annual Egg Day with all its attractive parade features, contests and grand ball. Sonoma is to be well represented there, several machines having planned to take crowds of friends over for the big celebration.

THE GRAPE SITUATION IN THE ST. HELENA SECTION

Thus far it seems that the grape buyers have been more active in Napa county than in Sonoma. Their activities last week were for the most part centered around St. Helena. The California Grape Association, a S. F. concern, had its buyer in the field for the purchase of from 2000 to 3000 tons of grapes. In the contracts offered the growers the firm agrees to pay \$40 per ton for both red and white grapes, to be placed in boxes of approximately 30 pounds each. The boxes are to be provided by the purchaser and paid for by the seller at 12 cents each, which means a cost of \$8 per ton, leaving the grower \$32 per ton for his grapes, f. o. b. St. Helena.

F. Bielsky, representing the United American Trading Company, tells the Napa county people that he will buy up to 5000 tons of grapes. He offers a flat price of \$27 per ton and furnishes the boxes. He proposes to pay \$5 down on signing contract and the balance with irrevocable letters of credit upon delivery of the grapes at the depot and their acceptance by the company's agent.

Anker Miller, superintendent of Greystone winery, says the California Wine Association has authorized him to make up at least 1000 tons of grape into grape juice and so far as possible to take care of the growers who have in the past years been selling regularly to the association.

It is said the Bruck Grape Juice Company will use upward of 1000 tons of grapes. Bruck has purchased a few lots aside from the product of the Moffitt vineyard, but does not expect to be in the market for more.

It is stated that the crop in the St. Helena section, which takes in the territory from Tucker creek to Oakville, has been pretty well disposed of. Out of an approximate crop of 10,000 tons, something like 7500 tons have been cared for. Prices have ranged from \$35 to \$40 a ton, gross, which will net the growers from \$20 to \$25 per ton.

SPECIAL LICENSES ISSUED FOR KILLING OF DUCKS

Sacramento, Cal.—Although the wild duck season does not open until October 16, special licenses are being issued to owners of rice fields and their employees to kill the ducks which flock to the rice fields in the Sacramento Valley and destroy the crops. J. H. Stephens, President, and C. H. Merry, secretary, of the Pacific Rice Growers' association have been named deputy game wardens by the Department of Agriculture and are issuing the special licenses. Ducks killed in this manner cannot be sold. They may be consumed by the family or given to a charitable institution.

SONOMA COUNTY BOOKLET MAN HERE

Arthur Willoughby formerly owner of the Guerneville Times was in Sonoma valley last week in the interest of the fine booklet he is compiling and which will be distributed widely in the interest of this county and its wonderful resources.

Mr. Willoughby wants to see Sonoma Valley represented in the book as here-to-fore the county books had little to say about this particular section. He called upon a number of our representative firms and individuals while here and received considerable encouragement.

SONOMA PLEASED BY QUICK RESULTS

Everyone is pleased with the quick results of simple witchhazel, camphor hydrastis, etc., as mixed in Lavoptik eye wash. One man's eyes were so badly strained he could not read with out pain. Two applications relieved him. A lady with weak, inflamed eyes was greatly helped by ONE bottle. We guarantee a small bottle of Lavoptik to help ANY CASE weak strained or inflamed eyes. Sold by James McElney, Druggist.

LEAVETAKING OF POPULAR COUPLE

James Modini and family are to make their future home in Richmond where Jim has a good position with the Standard Oil Company. Mrs. Modini was the former Margery Livernash and with her pretty little son will be missed by many friends, all of whom wish the popular couple much success in their new home. Mr. Modini left for Richmond Tuesday.

Don Theatre

Saturday night, Aug. 30th, "Goldwyn" presents "Mae Marsh" in "THE FACE IN THE DARK." Its a Goldwyn picture.

Sunday night, Aug. 31st, "Select Pictures Corporation" present "Alice Brady" in "WOMAN AND WIFE" From the Novel "Jane Eyre."

Wednesday and Thursday, Sept. 3rd and 4th, "Thomas H. Ince" presents "Charles Ray" in "A NINE O' CLOCK TOWN." As the Englishman would say, "My word," "He's a Cor-ker."

SIMMONS PHARMACY

CEMETERY ROAD BENEFITS \$78.15 BY CARNIVAL

The Curtis shows which gave a carnival last week in our plaza for the benefit of the cemetery road fund turned over \$78.15, percentage on the attractions. The concessions paid \$45 and the merry-go-round \$33.15. This money will be added to the cemetery fund which is almost \$300 and the trustees are to be asked to set aside money in the next budget for the purpose of constructing a good thoroughfare in the silent city. A petition to this effect is now in H. F. Bates store. All interested in seeing the road provided for should call and sign it.

LOCAL ITEMS

Mrs. Grover Rubke spent last Sunday in S. F. with relatives and friends.

Miss Myrtle Minkel has returned from a delightful outing at Santa Cruz.

Mrs. M. McDonald and Miss Ruth have been guests of Miss Janet Cooper.

Mrs. M. Schweitzer has been enjoying a visit at her country home in this valley.

Mrs. Paul Robin and pretty little daughter returned from the city last Sunday evening.

P. Angove, the well known poultryman has been down in San Francisco the past week.

Miss Ruth Miller of Crockett has been spending her vacation with the J. J. Smiths, east of town.

Miss Margaret Dohbel has returned home from Napa where she was operated on for appendicitis some weeks ago.

The Flying Needles who were to have met Wednesday next have postponed the meeting until further notice.

Mrs. A. C. Webb and children have been visiting at the hospitable home of Mr. and Mrs. J. J. Smith at Buena Vista.

Mr. and Mrs. Louis Pfaff of Glen Ellen were presented with a baby boy at the sanitarium last week. Dr. Hays was in attendance.

Mr. and Mrs. Ed Steiger went to S. F. Sunday to see Mr. Steiger's daughter, Rose, who has been quite ill and in a hospital.

Miss Beth Lane who has been visiting Mrs. Chris Scaver in San Francisco has returned home and reports a wonderful time.

Mrs. O. Gordenker, president of the Glen Ellen Women's Club returned this week from a visit to her daughters in San Francisco.

There is a reason for getting your Zerolene at the Electric Shop. Why Ask them.

Mr. and Mrs. Al Murphy of San Francisco have been visiting the latter's sister, Mrs. Bridges. Murphy is a well known musician of the metropolis.

Ralph Ring has returned from his cruise with the Navy to the Philippines and Hawaiian Islands. He is confined to the naval hospital with rheumatism.

Mrs. Estes, a pioneer Sonoma lady who was in the St. Helena sanitarium some weeks ago for her health is improving steadily since her return home.

Dr. Thomson ushered in a little Native Daughter to the Valley of the Moon last week at the Crane Sanitarium. Mrs. Kryst of San Francisco was the mother.

A feature of the Verdant Degree Rebekah lodge meeting this week was the presentation of gifts to Mr. and Mrs. Hamil Wagon and Mr. and Mrs. Wolf (nee Helen Kerner).

Miss Eileen Cowen of Bennett Valley who did splendid work in the Red Cross last year has accepted a position as book-keeper with Rohrer & Einhorn of Santa Rosa.

Mrs. C. E. Johnson while on her vacation went as far north as Red Bluff, Tehama Co., where she visited with an old friend, one of the former Law girls of Glen Ellen.

Griff Baird, one of the coming cartoonist celebrities of the Pacific Coast now employed on the staff of a S. F. paper has been up on a visit to his friend, Neal Dodge, at the Hall ranch.

Ralph Hotz was in San Francisco over the last week end visiting his family who are there on a vacation. While down, Ralph attended the Casino show and otherwise took in the sights of the big town.

Mr. and Mrs. Will Campbell and little son of Uplands, San Bernardino county have been here on a visit to Mrs. Campbell's sister, Mrs. F. Thompson. This is Mr. Campbell's first visit in 15 years to his old home.

Ellis Simmons after a two months sojourn in the south land returned home Wednesday night. He visited Athabasca, Pasadena, Compton, Mt. Wilson, San Diego, La Jolla and Tijuana. Ellis is six feet tall and acquired a fashionable sunburn while away.

Mrs. Allenberg and her nephew, Mr. Newberger of Petaluma have been over to Boyes Springs. They came over for quiet and rest after the sad rites for their relative, the late Mrs. Newburg, a beloved pioneer mother of Petaluma who died last week.

M. F. Mullen the veteran El Verano booster has been making substantial improvements at his store in front of which P. Basaglia has been putting cement walks and approaches to take the place of the old fashioned board walk which has done such good service. El Verano's store is thoroughly up-to-date.

R. E. Perkins has resumed his position at the Sonoma Valley Bank after a fine outing in Southern California. He came home with a healthy tan and says he saw all the Fleet that Los Angeles harbor could take care of, the bigger type vessels of course not being able to get into the shallow water there which all loyal Northern Californians quickly perceive.

Your flashlight battery is here now. Ye Electric Shop.

Miss Viola Bruns has returned from a pleasant visit to Haywards. Ralph Busby and Eugene Oculinger made a trip to Lake Co. last week.

B. F. Campbell has been on the sick list and under the care of Dr. Hays.

Shirley Weise has accepted a position as brakeman on the Northwestern.

Richard McGill and family of Roseville have been here on a visit to relatives.

Mr. and Mrs. A. McGill and Miss Mary have been visiting Sacramento relatives.

A heavy shower of rain was experienced here Thursday but lasted but a short time.

Mrs. C. Hunt of Nevada City who has been visiting her sister Mrs. P. Norrbom has returned home.

Mrs. M. Akers entertained Rev. and Mrs. Waltz and Rev. and Mrs. Cookman at dinner this week.

Mr. and Mrs. Tom Baines and family were among the Sonoma Valley folks at Santa Cruz this season.

Campbell Pomeroy and family were among popular Santa Rosans here for the Street Fair at Glen Ellen.

Carl and Anna Bolin are going down to see the Fleet. Mr. Bolin will remain in S. F. having accepted a position there.

S. Pinelli, a prominent and wealthy resident of Mexico is here on a visit to his brother A. Pinelli. This is his first visit in four years.

There is a reason for getting your Zerolene at the Electric Shop. Why Ask them.

Chief Pharmacist Ralph Buchan who has re-enlisted in the U. S. Navy was up Thursday for the Street Carnival and greatly enjoyed the big time.

William Ashe, who recently suffered a broken leg, and was treated in a San Francisco hospital, has now returned to his home at Glen Ellen. Mr. Ashe was with the Remount service in the late war.

Dr. Arthur and family have sold their home and gone back to S. F. to reside. The sale of this place was made through R. J. Waller and the buyers are French people who contemplate many improvements.

Mrs. Walter Poulson, of El Verano entertained sixteen friends at a pleasant afternoon party last week.

Miss Hazel Baines was a prize winner in one of the games played. Dainty refreshments were served by the hostess.

Dr. Frank Phillips, the popular county official, came over from Petaluma Thursday night to attend the Jack London memorial benefit at Glen Ellen. He paid high compliment to the ladies of the Glen Ellen district and their capable assistants.

Preston Hotz and Billy Cleve, two of Sonoma's promising lads who relate to S. F. recently to visit city relatives were only too anxious to return to Sonoma last Sunday evening. Both declared that city yards were no yards at all to play in. They longed for the great outdoors.

PROBATE IS ASKED OF JOHN LAWLOR ESTATE

John Lawlor Jr., and Elizabeth Lawlor have filed the will of the estate of the late John Lawlor Sr., and have petitioned the court to have the estate set aside for probate. The estate is valued at \$15,000. The attorney for the petitioners is F. A. Meyer.

BIG PICNIC AT BUENA VISTA TO-MORROW

To-morrow (Sunday) at Schumann's resort, Buena Vista there will be a jolly picnic with music, games dancing and refreshments. A decided attraction are the prizes of geese, ducks, chickens and turkeys to be contended for. Admission to the grounds are free and everyone will be welcome. See ad.

HAVE GLASSES FITTED BY EXPERT

Dr. L. B. Lawson, Optometry Specialist, of the Lawson-Rimmer Optical Co. Santa Rosa, is now making regular visits to Sonoma with his office at Simmons Drug Store.

If eyes bother, he will both fit you with glasses correctly and save you the time, expense and annoyance of visiting and revisiting the city. His next visit to Sonoma will be Sept. 2nd. Glasses fitted at your residence without extra charge.

VINEBURG

George W. Reed of Sonoma city and son, George Jr., were visiting in the vicinity on Tuesday last.

The Hutchins school will reopen Sept. 10th with the popular teacher, Mrs. Carrie Dependler in charge.

Miss Henrietta Weber arrived on Wednesday eve from the Metropolis on a visit to friends and relatives.

Mr. George Bruns of San Francisco was a week end visitor at his country home on the Hyde tract.

Mrs. Grover C. Rubke, the popular book-keeper of the Apple Association was the guest of her sister, Miss Henrietta Weber in San Francisco on Sunday last.

From all reports up to date Vineburg has been the "King Pin" shipping point for the green fruit crop of Sonoma valley and later on she will hold the same position for dried fruits.

Louis Ronquie, one of Sonoma valley's well known Native Sons, after a months well earned vacation with his family departed for Eureka Humboldt Co. on Monday last to resume his duties in the U. S. R. service at that point. "Good luck, Louis."

On Sunday last Mr. Fred Batto accompanied by his son Frederick, Mrs. Arthur Batto and his daughters the Misses Louise and Emily motored to the Sierra Nevada's, their destination being Donner Lake where they will enjoy an outing for a week or ten days. All wish them a pleasant and safe return home.

Messrs William Ring and Louis Klapperich motored to Sebastopol, Graton and through the Gold Ridge section on a tour of observation in regard to the apple pack of that section. Manager Klapperich of the Sonoma Apple Growers Association and Mr. Ring were much pleased at what they saw. Mrs. Klapperich and children accompanied the party.

It was with sorrow we read the account of the death of Frank Bosel late of the U. S. Marines in France from papers and letters received by his parents Mr. and Mrs. Captain Peter Bosch. But from the words of praise for bravery from his superior officers, Vineburg should ever feel proud and rever the name of Frank Bosch, "Our Hero" who gave his young life for liberty and justice. Gone but not forgotten.

A surprise party out of the ordinary took place in Vineburg on last Saturday eve at Martins pavilion, when about from 80 to 100 friends of Mr. J. Monson, a well known citizen of north Vineburg gathered to pay him their respects. The pretty pavilion was tastefully decorated by Mr. Martin who is a past master in that art and presented a brilliant appearance. Louis LaMott's famous orchestra from El Verano Villa thru the kindness of Mr. LaMott furnished excellent music. About 75 friends and relatives of Mr. Monson's from the business and social circles of San Francisco motored to Vineburg in ten well cars to enjoy the festivities. All enjoyed themselves to their hearts content and the gentleman received many useful and valuable presents. On Sunday the party visited the many points of interest in the "Valley of the Moon" and departed well pleased.

NICE BOOST FOR PROMINENT FARMER

The following fine press notice was recently given our fellow townsman Joe Keechler in the Santa Rosa Press Democrat:

"Joseph Keechler, well known superintendent for many years of the big Senator Jones ranch below Sonoma, was in town yesterday on business and found time to call upon a few of his old friends who are always glad to see him. Mr. Keechler is one of the busiest of men and is in the midst of the harvest. Bailing of hay is still in progress as is the sacking of grain.

Mr. Keechler has harvested fifteen thousand tons of fine hay on the ranch this season and at the price paid for it it is of finest quality it means quite a fortune for itself. In addition to this he will have about fifteen thousand sacks of grain. The only trouble Mr. Keechler has experienced has been the labor shortage at times. He has a big job on his hands in the management of this immense ranch but he has always been most successful. He is a man among men. He has hundreds of friends and he always treats them as friends. He is a member of Santa Rosa Elks lodge and he is a big whole-souled Elk, one who loves his fellow men. It is always a pleasure to meet Joe Keechler.

Barbara Knight of Schellville has been in San Francisco several weeks past visiting her grandmother and her aunt, Miss Bessie Knight.

POULTRY PRODUCERS TO
SIGN NEW AGREEMENT

The Poultry Producers Association of Central California held an important meeting here Thursday night, the producers of Sonoma having been called together to sign up the new contracts with the Association. The response all over the county has been splendid.

HOT? I SHOULD SAY IT'S HOT

Do you know that for \$1.50 cash and \$1.00 a week for five weeks, you can get a HOT POINT ELECTRIC IRON and save all this standing over a hot stove to iron your clothes? Try one for a week to be satisfied.
